

**Julia Adams, DVM**

*www.clonetn.com*

Specializes in canine reproduction at CLONE Tennessee.

Breeder of Champion Basset

Hounds, Tibetan Spaniels, and Lhasa Apsos  
As a breeder/veterinarian she will discuss with you: Reproduction 101, Why freezing semen?, Why Progesterone testing? Insemination techniques-AI, Norwegian Pipette and Surgical Implant, and the latest and up coming technology in canine reproduction.

**Terry Faulkner, LVMT**

*www.clonetn.com*

Breeder of Champion Chinese Sharpei. As a Licensed

Veterinary Medical Technician

and member of CLONE Tennessee, she will discuss the use of chilled kits, collecting the dog and AI techniques.

**Myra Savant-Harris, RN**

*www.myrasavantharris.com*

Labor/Delivery Registered

Nurse, a Neonatal Intensive

Care RN and active in genetic

research and studies. Breeder of Cavalier King Charles Spaniels. Author of Canine Repro and Whelping & Puppy Intensive Care. Translates her years of neonatal intensive care experience into dog/puppy terms and teaches you to function and think like a RN when breeding and in care and assessment of your sick puppies. Ms. Savant-Harris' seminar will help breeders learn to recognize and assess puppies in distress quickly. Acting efficiently with the proper equipment can make the difference in a successful whelping.
